

No one can resist the appeal of a cute puppy in need. Although adults with disabilities don't make people stop everything to ooh and aaah and murmur in baby talk, that doesn't mean they are not equally worthy of our attention. **Adults with disabilities have talents, determination and goals just like you.** They just need a little assistance to realize their full potential.

We don't have huge endowments so we rely on generous donors like you to help make the hopes and dreams of adults with disabilities become realities. Thank you for helping them to be able to live their best life. And thank you for sharing our passion to **HELP DOGS HELP PEOPLE.**

Cost:
\$15,000
for every
service
dog
placed

Regardless of whether you're thinking about us or not, we are here. The care and training of our dogs never stops. Days, nights, holidays, and weekends; **the needs never change**. We know what the perfect pairing of dog and human means. It doesn't just mean that people get help opening the door or hearing something behind them or knowing when their blood sugar is off; **it means love, independence, confidence and companionship**. And that's why we do this, day in and day out.

www.CircleTail.org

We build amazing relationships with your help. We find and train remarkable dogs and pair them with people who then regain freedom, independence, and security because of these marvelous companions.

Go online to see all of our giving options or use the included envelope to send a check. No amount is too small because every bit helps.

Feed
a dog in training
for \$30
a month.
