Service Dogs at the Airport

Service/Hearing Dogs Train at CVG

Service dog in training Rhys. Thanks to Delta for letting us practice boarding the plane!

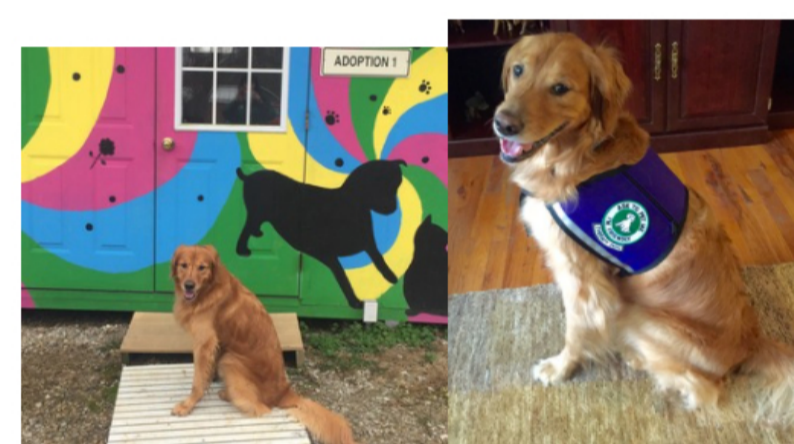

Circle Tail service dogs in training and partnered teams practiced going through security, riding the train, boarding a plane, sitting (and fitting!) on the plane, and checking out baggage claim. This training not only helps the dogs and their handlers, but helps TSA gain valuable experience working with assistance dogs and their handlers.

Rani practices fitting under the seat - not so easy with her long legs!

Circle Tail Adoptee Becomes Registered Therapy Dog

Nova came to Circle Tail as a family release in 2015. At almost 6 years old, she was too old to enter our service dog program, so instead, she is fulfilling her purpose as a Therapy Dog. She and her person are now a registered Therapy Dog Team!

Have a Happy Beginnings story to share about your Circle Tail adoptee? Share it on our [Facebook page](#) or email it to adoption@circletail.org!

Volunteer Groups Make an Impact

Volunteer groups made a lot of improvements to the grounds this spring and summer.

Go Cincinnati volunteers from Crossroads Church and Cincinnati Stix freshened up the landscaping at the training center, memorial garden, and service/hearing dog kennel.

Johnson & Johnson's Ethicon Endo-Surgery Regulatory Affairs Department cleaned out the food buildings and helped finish construction of the new bridge between the kennel and the training center - no more jumping mud puddles!

The Circle Tail Board of Directors worked together to clean out the area behind the service/hearing dog kennel to prepare for fencing.

Way to go everyone - everything looks great!
